Pasadena Tournament of Roses® Foundation 2024 Online Grant Application Guidelines

The Pasadena Tournament of Roses Foundation is a tax exempt, non-profit public benefit corporation established in 1983 to receive and manage contributions from the Pasadena Tournament of Roses Association, its supporters, and the general public. The Foundation supports charities in Pasadena and surrounding areas by funding in the following categories: Sports and Recreation, Visual and Performing Arts, and Education Programs (Early Childhood, Middle and High School), Literacy and STEM (Science, Technology, Engineering and Math).

This year, our grant awards will range from \$1,000 up to \$10,000, with a single \$35,000 and a single \$20,000 grant distributed this year.

TIERED FUNDING STRUCTURE:

- 1. Tier 1:** Single-year grant, of \$35,000. One grant recipient will be selected at this tier.
- 2. Tier 2:** Single-year grant, of \$20,000. One grant recipient will be selected at this tier.
- 3. Tier 3:** Single-year grant, up to \$10,000. Grant recipients at this level are eligible for three years of consecutive funding. After the third year of consecutive funding, recipients must sit out one grant cycle. Number of grant recipients in this tier varies based on requests, but there is not a cap on the number of awards for this tier.

FUNDING CATEGORIES AND AREAS SERVED:

The Foundation will consider grant applications in one of the following three categories:

Our grantmaking in this funding category provides support to organizations that promote healthy, active lifestyles and youth development through sports and recreational activity. Typical grants in this funding category support program costs, equipment and sports facilities improvements.

2. Visual & Performing Arts

Grantmaking in this area provides support for organizations that help develop artists in all forms of art. Grantees funded under this category will provide communities with access to high quality arts programs, performances and services.

3. Education

Our Education grantmaking aims to provide students with increased opportunities to succeed. Grant funding will be provided to support Education Programs (Early Childhood, Middle and High School), Literacy and STEM (Science, Technology, Engineering and Math) programs.
